Skin Diseases Often a Mystery

The Right Treatment Will Solve Worst Problem

The key to unlock the mysteries of scriptive skin afflictions is S. S. the famous blood purifier. If you will write for a spicedidy flustrated book "What the Mirror Telle" you will learn why and how S. S. S. causes new skin and tissic to replace the afflicted spots.

Get a bettle of S. S. today at any drug store and waste no more time with salves, clutments or lottons. Skin health sources from your blood. It comes from the network of tiny blood vessels that defirince all skin terument and tissue.

Now, when S. S. S. enters the blood it is carried throughout your body in about three minutes and its most active work takes place in the skin. Here it guis into motion the process of preparing all imparities into a substance that it promptly expelled through the skin porces. This process core an day and night, all cruptive conditions cause; the old skin disappears in the form of invisible vapor or perspiration. Don't fail to get a but-tie of S. S. S. today and write for the valuable book to The Swift Specific Co., its Swift Building, Atlanta, Ga.
